THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this Institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the Society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is essentially an American Company, strengthed by a large bona fide Capital safely invested in London; equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.

E. BUTTERFIELD
(Late Butterfield & Averell's.)
WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 1500 original Casks of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock;—
BRANDY. Otard, Dupuy & Co; Pinet, Castellan & Co; James Hennessy; A. Signette; St. Vincent; United Proprietors; J. S. Dupuy, &c.

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons in ignorance of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 18th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Hagler, some sixteen years since, and another one put up by Albert Bicknell of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifteen years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and the per cent for [illegible]
JAMES G. WILSON, Philadelphia."
May 19, 1849.
I deny that any person ever saw or heard of such a machine as mine until I invented the same. [illegible] in the month of August, 1848, and no machine being operated in the month of [illegible] before this could do so much work, and do it so well as mine. In reply to the above advertisement, that I will offer to the public and be assured that I [illegible] THOUSAND DOLLARS [illegible] pledge ONE THOUSAND DOLLARS [illegible] amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with [illegible] lumber in the same time, than TWO of the "Woodworth" machines. [illegible] made at my Steam Mill, [illegible] or at such other place as [illegible]

OFFICIAL PAPER OF THE CITY.

A FALSE CHARGE.

The *Commercial* of yesterday, not yet wholly cured, by the result of the election, of the tricks to which it stooped during the canvass, parades a letter from Moses M. Strong, addressed to Mr. Upham, covering a copy of a handbill, purporting to be Mr. Upham's reply to Mr. Edgerton's inquiries about his views on the Bank and License questions, and not content with pronouncing it a forgery, proceeds to charge it, as well as a companion piece, circulated in this part of the State, upon "the Whig party." In the name of the Whig party we repel the charge as false and calumnious, and call upon the *Commercial* to retract the base slander. If Mr. Upham suffered by being variously represented as for, or against Banks, in different parts of the State, the fault is his own. We did our best to draw him out on the question, but he seems to have thought the "Mum" game the safest, and so refused to speak. As to the charge that the Whigs got up these Bank and Anti-Bank letters of his, for different localities, we re-iterate our denial and challenge proof.—Like the "Native American" handbill, fabricated in this city, the day before election, and *printed at the Commercial Office*, these fictions were more likely the work of his own friends. Nor do we believe that they gained, or lost Mr. Upham 25 votes in the whole state. The intelligence of our electors is not to be duped by such unworthy devices.

Pseudo-Democracy against Banks.

One of the strangest inconsistencies in political affairs, that we remember to have seen, is the manner in which people allow themselves to be hoodwinked into supporting, as a general thing, the men and measures of the Loco Foco party, when their practice is so often shown to be in direct opposition to their professions. Professing a devoted love for the "dear people"—claiming exclusive title to a name signifying a belief in the *rule of the people*—these gentry make no scruple to abuse the people whenever they choose to break loose from party trammels, and act for themselves. So it has been in the late canvass on the subject of Banks. Nowhere in the state has a single self-styled democratic journal spoken out boldly in favor of these institutions, so necessary for the prosperity of our state. Their friends have had to fight the battle either without their assistance, or against their open opposition. And now that the contest over, and the People have declared by more than Twenty Thousand Majority in favor of Banking Institutions, what do we see? Why, these devoted friends of the people are insulting them with sneers at their folly, as they choose to term it—endeavoring to prejudice them in advance against any bill which their representatives may pass—and in every way possible striving to convince themselves and the electors of Wisconsin, that they, the leaders, are always right, and the latter as entirely wrong.

The Madison *Argus*, Waukesha *Democrat*, and the *Commercial* and *Wisconsin* of this city are busily engaged in this warfare upon the interests of the people. One lesson, it would seem, is not sufficient to teach them their place. They will not be likely to mistake the meaning of the electors of Wisconsin when they speak a second time.

A notable example of this anti-democratic feeling is shown in our sister state of Illinois, where the people have, by a large majority, voted in favor of a General Banking Law. The Galena *Jeffersonian*, a leading Loco Foco paper, thereupon remarks:

"*The majority of the people, take it into their heads occasionally, to make fools of themselves.*"

Help for the Commercial.

The *Commercial*, in its Anti-Bank labors, can find help and encouragement abroad, if it meets with none at home. The Cleveland *Plaindealer*, for instance, a chip off the same block with the *Commercial*, stands aghast at the audacity of the Wisconsin Whigs in putting "Bank" at the head of their tickets, and thus invokes the "democracy" to wage exterminating war against the Monster:

There is a happy propriety, then, in the use of "Bank" for the whig State Ticket of Wisconsin, as given by the Milwaukee *Sentinel*. It is the substance of the party, and the gist of the issue, packed into a brief and easy word. It is the thing to be elected.

We hope our Democratic friends in Wisconsin will take cheer, and fight boldly against that overtowering whig nominee, remembering the gallant conduct and triumphant victory of their brethren in this State *upon the same issue*.

Here is "aid and comfort" for the *Commercial*. The exhortations of its Cleveland yoke-fellow will, no doubt, stimulate it to fresh efforts against all Banks. It will take courage from the "triumphant victory" won by the Ohio Democracy "upon the same issue," and rally its discomfited troops for another onslaught next fall upon "that overtowering whig nominee," Mr. Banks!

We hope, by the way, that friend Gray, of the Cleveland *Plain dealer*, will just notice the vote cast for the aforesaid obnoxious "whig candidate." In this city and county, whereby "a happy propriety," "Bank" was made the caption of the Whig State Ticket, it received 1460 votes, against 323 cast for that "unadulterated and unterrified democratic "candidate," Mr. "No Bank;" a majority of only *four thousand* or so! In the State at large, the result has been almost equally decisive, and we have great doubts whether the utmost efforts of the *Commercial*, tho' set on and applauded by the Cleveland *Plaindealer*, will avail to reverse the popular decision.

Salt River Studies.—The *Commercial* is quite reconciled to the prospect of a lengthened residence at the head of Salt River, by the hope of finding there "that letter," which it says we wrote, "requesting the Madison Convention to disband."—We trust that its researches may be crowned with success, for we are just as anxious as it can be to see "that letter," if one answering the *Commercial's* description can be found. Let us advise our neighbor, meantime, while his hand is in, to enlarge the range of his studies, and, by way of variety, dip a little into American History. We judge from the following paragraph, in his yesterday's paper, rather personal to ourselves, that his education in this particular, whether at public, or private expense, was sadly botched:

He who was educated at West Point, at the public expense, and who once witnessed with exultation, on board the *Dartmoor prison-ship*, the tortures and sufferings of those in its dungeon cells, felt himself shabbily treated &c:

We are quite curious to learn where this "prison-ship" was moored, and when it was that we "witnessed with exultation" "the tortures and sufferings of those in its dungeon cells"! Certainly our own memory retains neither circumstance, but we are willing to "live and learn."

"Who struck Billy Patterson?"—The *Commercial* and *Wisconsin*, tho' both "hit" by Mr. Crummey's card, are divided in opinion as to who did it. The *Wisconsin* thinks that we threw the brickbat, while the *Commercial* more correctly infers that it was Jimmey's own. They both, however, show signs of penitence under the salutary discipline they have received.

Sensible Conclusion.—The Madison *Argus* congratulates itself that the inroad of Mr. Farwell into the ranks of the "regulars" of Dane County "was a hundred less than was claimed," and says it has "pretty much concluded that when Farwell is on the course, they might about as well come down hereafter."

The Badgers have Dug out!—A despatch to the Galena *Advertiser* dated Nov. 7th reads thus: Farwell is just 2112 ahead!
One Hundred Guns for Wisconsin! The Badgers have dug out! Honor to perseverance!

Westward Ho!—It is said, that more than 1000 wagons passed through Indianapolis lately, in a single week, bound westward.

THE GOOD TIME COME!

Secretary Walker, and the politicians of his school told the farmers in 1846, that if his British Tariff Bill was only passed, there would come a good time when they could buy everything they wanted of England, and pay for it in wheat and flour, at profitable rates of exchange. Our home market was not worth looking after. England would take all the produce that we could raise, and pay handsomely.

Well! what is the result after five years trial? Farmers of Wisconsin! What do *you* say to the result? What think *you* of the policy which breaks down a home market, that can pay you well because it is nearer and surer, in the vain attempt to build up a foreign market, that is uncertain at best, and which for many months past, scarcely pays the cost of your seed wheat? What think you of that British policy which builds up foreign industry at the expense of our own? What think you, in fine of 30@35c per bushel for wheat? Keep thinking! Some of these days you will have an opportunity to speak out?

Burnt.—The steam tow boat *Seneca*, owned by A. Guthrie & Sons, which has plied between this city and Bridgeport, was burnt early yesterday morning. We regret to learn that there was no insurance upon it.—*Chicago Democrat*.

An adventurous life has the above little boat passed through. She was originally built to run as a ferry boat across Seneca Lake, N. Y., from Dresden to Baileytown, and had machinery which made more racket than any two boats of her size that we ever heard. She used to astonish the fishes in that beautiful sheet of water, immortalized by Percival in the lines commencing:—

On thy fair bosom, silver lake!
The wild swan spreads his snowy sail, &c—

Though the "swan" must have been mistaken for a goose or a canvass back. However, that's neither here, nor there. By and by it was found that the *Stevens*, under Admiral *Dakin* of gastronomic celebrity, would just as well run the ferry on her regular trip, and so the little *Seneca* shut her noisy mouth, folded her wings, and went through the "raging Canawl" to Lake Erie. Here she made noise enough on the Niagara river to tow all the Tonawanda commerce safe up stream, but, as the Expounder said of Nullification glorification, her deeds did "not come up to the *sounding* tenor of her manifesto"; so she quit, and was employed awhile in towing sailcraft in Buffalo Creek.—Thence she came to Chicago, and has astonished the long-shore men there for a season, until at length she has gone to rest "with the unforgotten brave." Pax!

Minnesota News.

The *Minnesotian*, just received, contains the record of proceedings at the public dinner given last week to Gov. Ramsay and Secretary Wilkins.

The Winnebagoes have been giving trouble again, and Major Alexander has been out with a large force of dragoons driving them back.

The *Minnesotian* says that the recent removal of Judge Goodrich and Marshal Tilden was "an act that was not desired by a single friend of the administration in the Territory." It insinuates that the Rice faction has accomplished the mischief.

The steamboats are reaping their harvest. The Nominee on her last trip, brought up about 350 tons of freight, and the two Franklins, and the Lamartine, up since last week, were loaded to their guards. As the close of navigation approaches, the boats begin to put up the tariff on freight.

Business for the Grand Jury!—The *Wisconsin* of last evening has the following startling announcement:

"The evident effort of the Administration is to *throttle the Sentinel*."

We trust that the proper authorities will at once bind over this truculent Administration to keep the peace.

P. S. Our fears are allayed. On reading farther we discover that, according to the *Wisconsin*, the object in "throttling the *Sentinel*" is not to strangle it entirely but to "compel it to whistle the Fillmore tunes." We respectfully suggest that the music can be had, at half-price, from the *Wisconsin* organ, without the necessity of choking us for it.

Moralizing on the Result.—The Berlin *Mercury*, preaching upon the text of the late election, discourses as follows:—

If such is true, the election must be given up as lost. Admitting that the democrats went into the election *with unclean hands*—with an *irresponsible man on the moral issues* of the State, can the whigs claim freedom from objection—and serious objections too?

These are fatal admissions for the *Mercury's* cause and supersede the necessity of any reply to its queries. We know of no "objections" to the whigs so serious as to offset the "unclean hands" and "irresponsible" candidates of the *bogus* "democracy." And the result shows that such too was the judgement of the people.

Gen. Worth and Cuba.—Brevet Major Sprague, of the U. S. Army, a son-in-law of the late Gen. Worth, has written a letter to the N. O. *Picayune* denying that Gen. W. had any thought, or purpose of connecting himself with the disastrous and unjustifiable expedition against Cuba. Maj. Sprague avers that Gen. Worth, though repeatedly approached on the subject, positively refused to have anything to do with the movement, and discountenanced it in every way. It was due to General Worth's memory that this fact should be made known, as the impression had become prevalent that he had been offered and stood ready to accept, upon certain conditions, the command of the invading forces.

Beating round the Bush.—The *Wisconsin* of yesterday has another remote allusion to the causes of the recent Hunker overthrow in this city and State. It says:

A few years since we had a certain majority in this County of full 1000, but it has been frittered away by the *unwise course* pursued by a set of *worn out* politicians who were determined to see how much the part would bear.

Speak out, neighbor, and tell us who and what you mean. Is it the "old fogies" of the *Commercial* that you are after?

☞ The *Wisconsin* transfers the responsibility, for its Anti-Bank article of Thursday, to the Waukesha *Democrat*. We supposed from its leading the paragraph that it meant to adopt its sentiments. In the same connection the *Wisconsin* expresses a faint preference for the New York system, and a wholesome fear of Salisbury swindles. Good so far as it goes, but why not, for once, came out *strong* for Banks?

The Next Speaker.—The Janesville *Gazette* notices favorably the claims of Mr. Shafter of Sheboygan to the Speakership of the Assembly, and adds, concerning that excellent and estimable "Vermont whig:"

We confess feeling that this gentleman is quite as strongly commended to our confidence by showing the sense and honesty not to disown his first-rate whig reputation even while removing to Wisconsin, as by the certificate of his abilities and integrity so unexpectedly yet strongly given by the electors of the "first Assembly district of Sheboygan county."

Affray and Murder.—The *Wisconsin* learns that a passenger on board the steamer *Globe*, on her last trip down from Buffalo, that one of her passengers, in an altercation, at Mackinac, with the engineers of the boat, stabbed the 1st engineer fatally, and the assistant engineer dangerously. He attempted to escape, but was overtaken and knocked down before he had got off the pier. He was secured on board the boat, and taken back to Detroit for trial.

Errors Excepted.—The *Wisconsin*, in its table of election results for this County, sets down Mr. Burdick of Lake, as a Democrat, and Mr. C. J. Kern of this city, as a whig. We doubt whether either gentleman will consent to this classification.

Regulars vs Homoeopathists.—The medical faculty of the Universities of St. Andrew's and Edinburgh, backed by the Royal College of Physicians, have resolved to refuse the degree of Doctor of Medicine to all students who will not pledge themselves not to practice homoeopathy.

Rock Co. Official Canvass.

We find in the Janesville *Gazette* the official canvass of Rock Co., and publish below as much of it as we can find room for; giving the votes on Governor, State Superintendent, and Banks:

Farwell's majority 630—Lord's 220—For 2325.

We have also the vote from the several Assembly districts. In the 1st, Lawrence, Whig, is chosen by 391 majority; in the 2d, Hackett, loco, by 111 majority; in the 3d, Kinney, Whig, by 69 maj.; in the 4th, Ramsey, Whig, by 23 maj.; and in the 5th Abbott, Whig, by 32 majority.

Hobson, Whig, for County Treasurer, has 227 majority.

On the State ticket, besides Governor, the Whig candidates average 200 majority, Col. Hughes leading the others about 30. Our friends in Rock did a first rate day's work on the 4th.

The Great Telegraph Case.—The points decided in the important case of Morse vs. Bain are the following:

1. That an art is the subject of a patent, as well as an implement or a machine.
2. That an inventor may surrender, and obtain a re-issue of patent, more than once if necessary.
3. That Professor Morse was the first inventor of the art of recording signs at a distance by means of electro-magnetism, or the magnetic telegraph.
4. That the several parts or elements of the Morse telegraph are covered and protected by his patent as new inventions, and are really new, either as single independent inventions, or as parts of a new combination for the purpose specified.
5. That the patent granted to Prof. Morse for his "local circuit" is valid, and that the "branch circuit" of the Bain line, is an infringement of it.
6. That the subject and principles of the chemical telegraph are clearly embraced in Morse's patents.

Agricultural Meeting.—The members of the Rock County Agricultural Society and Mechanics Institute, will meet on the first Monday of December next, at 10 o'clock, A. M. at the Court House in Janesville, to hold their winter quarterly meeting.—*Gazette*.

We are glad to see the earnestness with which our Rock county farmers take hold of subjects connected with their best interests, and look for the best results to follow from these friendly conferences.

☞ In the Senate last year the whigs had three members, and in the Assembly eleven.—This fall we double our number of Senators, and nearly or quite treble our number of Assemblymen. We think that will do for one year!—*Sentinel*.

We are equally confident that it will have to "do" for a great many years!—*Commercial*.

Don't be too sure! Just keep on your course of opposition to the wishes of the people, and we will guarantee the result.

City Matters.

City Taxes.—The meeting of the Common Council yesterday was devoted in part to the levying and providing means to meet the taxes of the year. It is gratifying to notice that these are much less than last year, the percentage being as follows in the several wards:

1st Ward,	31½	mills per cent, complete.		
2d do	42	do	incl'g 1 ₩ ct for old debt.	
3d do	32	do	complete.	
4th do	42	do	incl'g 1 ₩ ct for old debt.	
5th do	32	do	complete.	

The above percentages include the taxes for General City, Ward, Bridge, State, County, &c., complete, and as we stated before show a gratifying reduction below former rates, and such a one as should induce taxpayers to come promptly forward and provide the wherewithall.

The Late Storm.—The wind changed, the sea went down, and the rain held up, during Thursday night, but the weather, yesterday, was still lowering and unsettled. At nightfall, however, it gave promise of clearing up. The fleet of steamers and sail vessels, wind-bound at this port for two or three days past, got under way, for their respective destinations, yesterday morning. The *Sultana* started for Buffalo, the *Arctic* for Chicago, and the *Telegraph*, in place of the *Ward*, for Sheboygan and Two Rivers. In the afternoon the *Pacific* also left for Chicago, the *Arctic* returning thence in time to leave here, on her regular trip, *this* morning. The Brig *Ellen Parker*, reported as cleared some days since, got under way yesterday afternoon for Buffalo. She has a full cargo of Oats, Barley and Beef.

Fire!—An alarm of fire was given in the 3d Ward about halfpast 12 o'clock Thursday night. It proceeded from the "Castle Inn," on East Water street, kept by Jones and Rowland, fire having been discovered in the cellar. As the flames did not break out, no general alarm was sounded. The "Rough and Ready" boys, however, were on hand with No. 4 and by their timely efforts confined the fire to the cellar on which it originated. Damage about $100.

Wisconsin Pork.—Messrs. J. & F. Layton Packers of this City, yesterday purchased of A. Richardson, of the town of Clinton, Rock Co., one load, *nine hogs*, weighing 3,082 lbs, for which they paid $148 40. The largest weighed 315lbs, the smallest 231.

The Laytons have purchased a large number of hogs this season, weighing from 300 to 450, but this is probably the largest and best load of hogs sold in our market this year. Pretty good for Wisconsin and Old Rock.

American Art Union.—The Bulletin of the American Art Union, for the present month, announces the number of members for this year, up to the 28th of October, to be 7,013. The total number at the corresponding period last year was 5,628.

P. C. Hale, at 23 Wisconsin St. is the agent for this city, and will be happy to forward the names of members. It is but little more than a month to the drawing.

Money & Land Agency.—We invite attention to the advertisements of Messrs. Power & Schley, who offer to locate Land Warrants, sell and rent houses, loan money, buy and sell farms, and transact any other business of the sort which may be entrusted to them. They enjoy superior facilities for the business which they propose to undertake, and are worthy of all confidence.

New Organ.—A very large and elegant Organ has landed here yesterday from the Propeller *Niagara*, for the Plymouth Church. It was made by Mr. Stevens, of East Cambridge, Massachusetts, and is said to be superior to any instrument of the kind in our city.

Theatricals at Waukesha.—The Theatrical company under the management of Mr. Adams, who have been performing at Gardiner's Hall in this city, for some weeks past, open at Waukesha on Monday evening, for a short season.

Prof. Grimes' Lectures.—In consequence of the extreme inclemency of the weather Professor Grimes deferred his opening lecture, advertised for Thursday evening, till *to-night*. He will amuse *all* who go to hear him, and will instruct many.

☞ No Eastern Mail last night and no telegraph reports, hence no news to speak of in this morning's paper. We expect a large supply of this desirable article by the boat from Chicago to-day.

Milwaukee & Mississippi R. R.—This road is now completed to Jenkinsville, Waukesha Co., 28 miles, and on and after Monday next the Cars will run regularly to and from that point.

Ald. Jung presented an ordinance to establish the grade of the sidewalks in Block 1, on the West side of Market Square.

On motion, the rules were suspended, and the ordinance had its three readings and passed.

The ordinance provides that the grade of the sidewalk on the West side of Market Square, between Mason and Oneida streets, on Block one in the 1st Ward, shall be established as follows, to wit:—The inside of the walk, beginning at the under side of the Water Table, at the South East corner of Prentiss' Block, shall descend in a straight line, touching the upper side of the Water Table at the South East corner of Nunnemacher's Block, to the South side of Oneida street, The curb grade shall be on a line five inches lower than the grade of the inside of the walk.

Ald. Comstock offered a resolution to appropriate orders to sundry persons for work on streets and sewers in the 2d ward. Adopted.

Ald. West offered a resolution directing the Corporation Attorney to prosecute cases of offence against the License Laws. Adopted.

Ald. Jung offered a resolution to pay Dr. Oswald $50 for damages to his horse in falling thro' Walker's Pt. Bridge.

Ald. Dousman stated the circumstances of the case, saying that he could perceive no damage to the horse. The claim was $81—$50 of which was for doctoring the horse's leg. The total value of the horse was estimated at $60.

The resolution was laid on the table.

Ald. Daggett hoped that the Marshal would be instructed to use his utmost diligence to prosecute cases of violation of the license law.

Adjourned to Thursday afternoon, November 21st.

Grant Co.—The Galena *Advertiser* of Saturday has the following:

Wisconsin Election.—In Grant county we learn, that the candidates for Governor run about even. In the Potosi Representative district McKee, Whig*, is elected over Seaton, Loco. In the Hazel Green district, Richardson, Whig, is elected Representative over Johnson, Loco Both gains. Squires, Loco, is elected Senator—a Whig loss. J. Allen Barber, Esq., appears to be elected Representative in the Lancaster district.

*Mr. McKee, we believe, is not a whig, but was elected by the whigs over the regular Loco Foco candidate, Mr Seaton.

Fire at Burlington.—A fire occurred at Burlington, Iowa, on the 5th instant, which destroyed some $4000 worth of property. The principal sufferers are Messrs. Mauro, Simpson, Mitchel and Clark.

The Bramah Lock.—Messrs. Bramah & Co. have written to the *Daily News* stating, that, on examination, the lock picked by Mr. Hobbs was found to be an imperfect one, and that, having repaired it, they again offer 200 guineas to any one to pick it.

A Great Archaeological Discovery.—Mr. A. Humboldt, in a late *Gazette de Science*, give the details of a discovery, made recently at Athens, of the identical edifice in which the sessions of the celebrated Council of Five Hundred were held.—Although as yet only one foot from the surface of the earth has been reached in the excavations, more than 100 inscriptions, columns, statutes, &c, have been found, which leave no room to doubt that the spot on which this famous building stood has actually been identified. It is thought to be the most important discovery of the kind which has been made for a long time.—*Boston Traveller*.

Accounting for it.—We heard one of the unterrified and unwashed lower ten accounting very satisfactorily a few nights since, for the adoption of the General Banking Law:

"That's the way," said he, "the whigs allers beat us, they out *general* us.

Fust they 'lected Gen'ral Harrison—then they run in Gen'ral Taylor and now they've 'lected Gen'ral Banking Law. It's no use to argy—the people allers go the millingtary ticket!"—*Chicago Jour.*

Fatal Mistake.—David Furst, of Stephenson county, was shot through the head by a Mr. Gosser, on Wednesday last. Both parties were out hunting, and while Furst was lying behind a log, calling turkies, Gosser, seeing only his cap, mistook him for one, and shot him. Furst died in a few hours.—*Chicago Democrat*,

More Green and Donaldson.—The following spicy letter appears in the N. Y. Herald of a late date. Thomas Shankland, by whom it is written, is a Houston Locofoco, who bears special malice to Mr. Douglass, as it would appear from his letter.

Washington, Oct. 31, 1851.

Hon. Stephen A. Douglass:

Sir:—In the Herald of yesterday, I see, with some surprise, a statement supposed to have been furnished by you, of an interview between an obscure and nameless individual and yourself; and as I seem to be the person pointed out as the one who called on you at your room, so, greatly to your surprise, I deem it proper to reply to your statement through the channel chosen by yourself. Soon after your arrival in this city, I called one evening at the National Hotel, and inquired at the office for you, and sent up a card, first writing Thomas Shankland on it in rather a poor, but not undistinguished hand. The servant soon returned, and requested me to walk up. I accordingly followed him to your room, and entered it, as I supposed, by your invitation, and not supposing that I was taking you by surprise. You were reclining on the bed, and near you sat a gentleman, smoking a segar. At this time I was unconscious of danger. You raised yourself sufficiently so to shake hands, and introduce or name your friend—Mr. Reed, I think. I was scarcely seated when you commenced a most vehement and furious onslaught upon me. The surprise—the suddenness of the attack—the place—your position and mine contrasted—your friend by your side smoking—('and where there is smoke there is fire')—myself alone, without a witness or a weapon, in another person's room, and that person armed with a witness, and letters and evidences unknown to me before, left me speechless and in amazement. You were excited; I was suffering with a sick headache, and overwhelmed with your heavy and unexpected blows. I staggered in bewildered amazement. You first denied that your friends in New York had got up the Donaldson correspondence. How you could answer for all your friends in N. Y. was to me a marvel. I knew you had friends there: but how you could know them all, and, if knowing them, how you should know all they may or may not have done, and how you would assume such a responsibility as to answer for such friends, and so many of them, staggered me, and I was mute with astonishment. You went on to open my eyes. "You knew who the person was who got up the Houston correspondence.' (I listened with my mouth wide open.) "You had received a letter, in a disguised handwriting—you had compared the handwritings, and knew who Mr. Donaldson was." I felt relieved. Everybody had been in the dark, and enquiring who Donaldson was; and where he lived; and who he boarded with, and if he was a cousin of Major A. J. Donaldson, &c. &c. Here was a mystery cleared up. You knew who got up the Donaldson correspondence in New York; I was glad to hear you say so. It relieved me of a load of obloquy which you and your friends had cast upon me, by charging me as the author of the Donaldson letter. Here you avowed your knowledge of the author, and had all the necessary proofs then in your room.

I now call upon you to come out and disclose the authors, aiders and abettors, of that whole correspondence. Was it gotten up to injure Gen. Houston, or to serve your purposes? Will it kill him, or you?—Was it his, or your friends, who were to be killed, and buried after the smoke cleared off?

This hasty dish of soup sort of letter, I know you will pardon, as I promise you a better one hereafter, after the hurt is over a little.

Yours,
THOMAS SHANKLAND.

Rail Road Responsibilities.

The New York correspondent of The *National Inteligencer*, in noticing the recent accident on the New Haven Rail Road, has the following remarks:

"It was a melancholy reminder of how small a matter human life is in the calculations of Railroad directors and managers in *comparison with the wages of conductors, engineers, brakemen, and switch-tenders!*

It is a fact notorious as it is culpable, that the Railroad companies employ, almost universally, very unintelligent, irresponsible and unsafe men as *switch-tenders*. How many lives and limbs have been sacrificed by their stupid blunders?—Did you ever see an estimate of it? It would be interesting to see some of these sanguinary statistics.

But why are such incompetent persons employed at a duty which requires acute perception, a good memory, combined with activity and watchfulness, a thoughtful appreciation of their responsibility? *Simply because they will work for low wages*. Their services may be had for only a dollar a day, while the right kind of men, properly qualified, physically and mentally, for this important duty, (for important I think any one will allow it is in view of the vast injury achieved by its being improperly done,) would demand salaries of from six hundred to eight hundred dollars per annum."

These remarks are just and timely. They indicate the real source of the danger on Railroads.—Not one casualty in a dozen is really *accidental*.—We call to mind scarcely one of the Railroad homicides within our recollection, which might not, and would not, have been prevented *by proper care*. Now, for failing to exercise such care, a Railroad Company should be held responsible.—In many cases, some believe generally, the character of the men employed in responsible positions on Railroads, is not up to the mark. They are not men to whom individuals themselves would willingly trust their lives. They are ignorant, careless, and often intemperate. Why, then, are they hired? Because they can be had at low wages. A dollar a day, we have no doubt, is all that Companies in general are disposed to pay.—And yet, as the *Intelligencer's* correspondent says, competent men cannot be secured for any such money.

Railway Directors seem to forget that true economy requires expense to *prevent* losses. One such accident as that on the New Haven road, destroys property enough to have paid the difference between good officers and bad ones. Railroad travelling, if properly guarded, is quite as safe as any other mode; but in the hands of incompetent, careless or intemperate conductors, engineers, switch-tenders, or signal men, it is about as safe to cook over a powder magazine, as to entrust one's life to a Railroad train. American roads are sadly deficient in their supervision.

Diplomatic Gossip.

The following gossip we find in the Wasington correspondence of the N. Y. Times:

Mr. William C. Rives, of Virginia, the Minister sent to France by Gen. Taylor's administration in its early and inexperienced stage of existence, was some weeks ago recalled from that mission. The true reason for this step, is, that the present administration was tired of him, and had no inducement to retain him. It is the universal remark of Americans who have been in Paris since Mr. Rives resided there as Minister, that he was entirely destitute of any of that civility which is expected from our ministers to our countrymen, and, more than that, he was on many occasions unnecessarily rude. Besides, if he had any duty, except to draw his salary, it was neligently performed. The same thing was said of him when he was Minister in Paris under Jackson's appointment.

The President will appoint Mr. Rives' successor after the meeting of Congress.

Mr. Forward has returned from Copenhagen, and that Chargeship is vacant. Mr. Markoe of the State Department has long expected to fall heir to that place. It is doubted whether he can get it. He has served as a clerk in the office for some time, and the President thinks there is something due to him on that score. At the same time, there are numerous and pressing applications for the place from other quarters. I think the appointment lies between Mr. Ogle, of Penn., and Mr. Markoe. I don't mean the "gold spoon" Ogle, but that clever wag, Jack Ogle, of the late Congress. He will preserve his own gravity, and relax that of the Court of Denmark, or his name will not be still Jack Ogle.

Obstinacy.—An obstinate man does not hold opinions, but they hold him; for when he is once possessed of an error it is like a devil, only cast out with great difficulty. Whatsoever he lays hold on, like a drunken man, he never looses, though it do but help to sink him the sooner.—His ignorance is abrupt and inaccessible, impregnable both by art and nature, and will hold out to the last, though it has nothing but rubbish to defend. It is as dark as pitch, and sticks as fast to anything it lays hold on. His skull is so thick that it is proof against reason, and never cracks but on the wrong side, just opposite to that on which the impression is made, which surgeons say does happen very frequently. The slighter and more inconsistent his opinions are, the faster he holds them, otherwise they would fall asunder of themselves; for opinions that are false ought to be held with more strictness and assurance than those that are true, otherwise they will be apt to betray their owners before they are aware. He delights most of all to differ in things indifferent; no matter how frivolous they are, they are weighty enough in his weak judgment; and he will rather suffer self-martyrdom than part with the least scruple of his freehold, for it is impossible to dye his dark ignorance into any lighter color. He is resolved to understand no man's reason but his own, because he finds no man can understand his but himself. His wits are like a sack, which the French proverb says is tied faster before it is full than when it is; and his opinions are like plants that grow upon rocks, that stick fast though they have no footing. His understanding is hardened, like Pharaoh's heart, and is proof against all sorts of judgments whatsoever.

WISTAR'S BALSAM OF WILD CHERRY

imparts new vigor to vital action, and relieves the system by opening the pores of the skin, and promoting the secretion of mucous matter. Its action is sudorific, sedative and expectorant, by opening the pores, allaying irritation, and by rendering the expulsion of mucous matter easy.

Those who take the Balsam will feel immediate relief from the distressing irritations that accompany affections of the respiratory organs. The pores have been closed, the Balsam opens them. The Lungs suffer from irritation, the irritation is soothed; the pulse is violent and feverish, they are softened, and the mucous membrane is relieved of its engorgement with rapidity and ease. All by the use of this delightful remedy,

The actual cures performed by the article, wherever it is introduced, is the basis upon which the reputation of this remedy is founded, as the hundreds of certificates of renewed hopes, health, and life, that are continually flowing in upon him, will prove.

VOLUME VII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

DAILY SENTINEL.

From Santa Fe.

Extract from a letter, dated SANTA FE,(N. M.) September 27, 1851.

Were you here to witness the hardness of our life, you could appreciate the sincerity of my words. We have mutton, and mutton, and mutton, and mutton—three or four different kinds of meat, as you see. The Lord knows that we ought to become very innocent from our much feeding upon lambs, but the truth is, the Lord knows that such is not the case. In fact, the rule would seem to work by contraries here, for our population is a famously ferocious one.

You ask for news. The times happen to furnish some, and you shall have it. The subject that now chiefly occupies our thoughts, is the inhuman murder of our worthy friend and fellow citizen, Wm. C. Skinner, whom you doubtless knew. The particulars of this affair you will gather from a paper published yesterday, and which I forward you by the present mail. The Americans deeply, and almost unanimously, condemn the Governor, as the indirect cause of this unhappy event. The murder of an American, at the same place, a short time previous to Skinner's murder, was treated with such neglect, as we believed to have encouraged the Mexicans to repeat the crime, expecting similar indifference to be again exhibited on the part of the Governor and the Judiciary. It is hoped, however, that law will now be established, and justice meted out to the offenders, otherwise, in a very short time, there will be no safety here for either life or property.

The extent of the election frauds in this Territory is such as would stagger ordinary credulity. I sincerely believe that as much rascality is practiced in New Mexico in one election, as is practiced, on a similar occasion, in all the States of the United States together. This is confined to no particular party.

Major Weightman's election as Delegate, you will perceive, is to be contested by Capt. Reynolds. I think it likely the election will be sent back to the people. They have said their first lesson to politics, and like idle boys, have said it badly, and ought to be made to "get it over again."

Indian Massacre on the Plains.

Extract of a letter from JAMES E. WHITSON, dated Sacramento City, Cal., Sept. 20, 1851, to his family in this county. By this our readers will learn, that the first report, that Mr. John Woods, of this county, and seven others, were murdered on the Plains, was painfully true. Mr. Whitson was one of the party who escaped. We also learn, that the news of the event was first received at Sacramento city through our paper, but was afterwards confirmed by the arrival of the survivors of the party:—

"I have had a hard trial on the deserts, mountains and plains. I was shot at by the Indians, and fought them for half an hour. We had traded our oxen and wagon at Bear river for horses and mules to pack with, and I had travelled 150 miles, when we were attacked by Indians. They were all armed with rifles, and concealed in a bunch of willows. The attack was made on the 3d of August, about 4 o'clock in the afternoon.—At the first fire they killed five of our company, and kept on firing till they had killed eight of the 14 of us, viz: Nathan Stewart, Henry Gurlinger, Macomb Russell, Jordan Underwood, John Woods, John Chamberlain, Lewis Berry, and John Bunton.—[Galena Gazette.

TRADE IN NEW ORLEANS.—The Daily Crescent of New Orleans, gives the following graphic account of the decline of business prospects in that city, owing to the advantages given to the Northern route by means of canals and railroads:

"Trade is passing away from our city. Nashville editors are canvassing in Savannah and Charleston for business. Cincinnati is shipping east. St. Louis is following in her path. The Canal Board of New York have informally promised such rates as must invite the shipment of Kentucky tobacco in that direction. Galveston threatens to invite New York capital to build a railroad, and deprive New Orleans of the last vestige of Texas trade, by transferring it to New York. The city of New York, having a superior system of banking (free,) even under its exposure to the fluctuations and convulsions of foreign markets, stands ready to pay a premium on our lost trade. The planters of our tributary country, and especially on the lines of our proposed railroads through Opelousas and to Jackson, Mississippi, are complaining of inconvenient access to us.—Mobile enters the field, with New York,—Charleston, Savannah, to say nothing of prosperous Baltimore, and wide-awake Richmond, to despoil and impoverish us, to take from us Tennessee, Kentucky, and Ohio, all northern and central Mississippi and Texas."

BEAUTIES OF COALITION.—An incident occurred at the recent cattle show which illustrates the relations of coalitions, with parties of opposite principles. A worthy locofoco with national principles, and having little regard for State laws, wishing to turn an honest penny, placed his barrel of whisky, in the dark, at the back end of his tent, and drove a brisk trade at the counter in front, by selling his whisky at four cents a glass. Another worthy individual of opposite principles, a friend of the largest liberty, had a "one idea" strike him and forthwith backed up his tent behind the other, in which he also had a drink place. Presently the first dealer found that his business was declining by reason of his neighbor behind him selling the same lot of whisky at three cents a glass. Upon going round into his neighbor's tent, he discovered another tap, in the latter end of his own barrel, which showed plainly the capital the free soiler was trading on. Much enraged, he exclaimed, "You scoundrel, I'll prosecute you for stealing my liquor." "Just as quick as you please, "but if you do, I'll prosecute you for selling liquor with out a license." Whereupon the prosecution was dropped on both sides, and a coalition and compromise was effected *"without sacrificing, in the slightest degree, the principles of either."*—*Pittsfield Eagle.*

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
Double Oven Cooking Stove,
(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, the plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and gives general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern wares.

Those who are in want of articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAKE NOTICE!
PATENT
BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used! In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW:

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. E. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodelled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1,25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common-sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

RAILWAY ECONOMY, by Dr. Lardner, a new work just received by HOOD & WHITTEMORE.

VOLUME VII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

MISCELLANEOUS.

Troy Fire Insurance Company
TROY, WALWORTH COUNTY, WIS.

CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,	960
Whole amount of Property insured,	$625,651 00
Whole amount of Cash premiums,	5214 37
Whole amount of losses allowed and paid,	371 27
Balance of Cash Premium on hand,	4843 10

IT is gratifying to the Directors to state to the members of this Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and its rease of business, show that our plan and management meets with the approval of the public.

The Charter and By-Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, tailors' shops, makers', and saddlers' shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in a circle of eight rods.

The company possess both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, outbuildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays, in case loss, the full amount of damage not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.

The rates charged by this company, though low, are based upon the actual cost of insuring for the past twenty years, and are found to be sufficient, with premium notes, to pay all losses and expenses without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property, are a premium not of one per cent, and a cash premium of fifty cents on each $100 for five years.

In publishing our safe, cheap and popular plan of insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—

The Washington County Mutual commenced in 1836, by collecting thirty cents on $100; in 1848 they discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 36 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $8800 in the treasury, and 68 millions at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and cash expenses had exceeded their cash receipts twenty-nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty-four thousand dollars, and some thirty millions at risk, on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty-four thousand dollars.

The cash premiums now collected by these two companies on what they insure in future will only pay losses on the same, consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are unpopular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish, as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.

Since the above reports, the Montgomery have levied a tax on their premium notes.

Now we would ask the public candidly, which of these three companies it is to their interest to insure in; the Washington, and assume a debt of $191,000, the Montgomery, and assume a debt of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax?

PATENT MEDICINES.

Dr. Guysott's Improved Extract
OF
Yellow Dock and Sarsaparilla.

IS NOW PUT UP in the largest sized Bottles, and is acknowledged to be the BEST SARSAPARILLA made, as is certified by the WONDERFUL CURES it has performed the original copies of which are in the possession of the Proprietor. Remember, this is the only TRUE and ORIGINAL article.

This Medicine, when used according to directions,

Will Cure Without Fail,

Scrofula, or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm, or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Disease of the Kidneys, Loss of Appetite, Diseases arising from the use of Mercury, Pains in the Sides and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, and Costiveness.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and complete as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause. J. B. TRIPP & Co.

HIMMANSVILLE, Oswego Co., May, 1848.

F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.
Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he enjoys as perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.
Respectfully, JAMES RUSSELL.

TO THE PUBLIC.
THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked,—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceeded his, have been cast aside as unworthy of the slightest notice?" Tho' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce one of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.
Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla, Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of any medicine?

Louisville, May 29, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDALL, M. D.

Louisville, June 6, 1849.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.
Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

INFLUENZA,	In twelve hours.
HOARSENESS,	In ten hours.

Special complaints, swellings, bruises, sores, wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.
HERE IS THE PROOF!

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with RADWAY'S READY RELIEF. Its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 90,000 cases of Sick and Nervous Headache during the past season. In the Western States where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent at Romeo, Michigan, writes: "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Fainting Spells,—curing many of the worst cases in the incredible short time of 15 minutes. It is now surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES' BEDSIDE COMPANION.

Radway's Ready Relief, from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a God-send. "Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains, and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued by the use, either internally or externally, of Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health. It cured a lady at Clifton, Va., so writes Ray Jones of that place, "In two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for Six Years, in twenty-four hours,—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies advertised, and has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the flowers. More powerful than all the Nervous Antidotes, tinctures of Sarsaparilla, &c., in use. Its first action is to diminish the acute sensibility of the nerves—to give strength, vigor and action to the nervous energy; to invigorate the functions and secretions of every organ in the system to a free and healthy action; to give a quickened action to the liver and tone to the stomach; to regulate the action of the bowels and the secretions of the skin, and carry out of the system all morbid, poisonous and refuse humors; to give health to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution; to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties softens the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness time and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflammation, swelling and irritation of Bronchial organs, and by bathing externally, the neck, throat and chest, it produces a quicker action to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a table-spoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

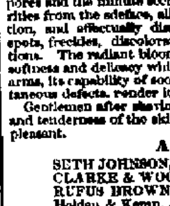

ELEGANT TOILET REQUISITES.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
Dr. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly as in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON's PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

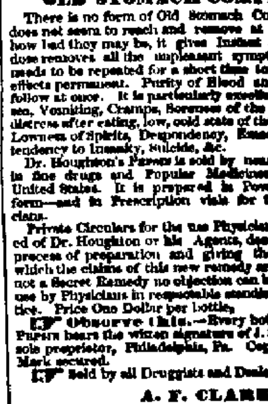

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

Planing Mill and Lumber Yards.
THE SUBSCRIBERS, having purchased the exclusive right of using

WOODWORTH'S PLAINING MACHINES,

in the county of Milwaukee, are now prepared to furnish from their own stock the best kinds of planed

Flooring, Siding and Ceiling,

as well as to execute orders from customers when desired. These machines are now used in all parts of the United States, and are admitted by general consent to be superior to all others in the quality of the work executed by them. Their Steam Mill is on West Water street, South of and near the Rail Road Depot, where they invite their friends to call and see the Machines in operation and inspect the superior quality of the work done by them.

They also keep at their Lumber Yards on Erie street (old stand) opposite the Red Warehouse, a full assortment of Lumber.

Sawed Timber, of all sizes and lengths, Long Joist and Scantling, Planed Lumber of all kinds, a superior article of sawed Shingles, Pickets, and Cedar Posts.

The quality of their Clear Lumber this season is equal to any to be found in the City, and they would invite the attention of Carpenters and Builders to an inspection of it. They would also give notice that they are the authorized agents for the sale of Rights (which all persons are cautioned against using without right, as such infringements will be legally noticed) to use the Woodworth Planing Machines for the State of Wisconsin.
